PROFESSIONAL SUMMARY

I am eager to embark on an enriching career as a Full Stack Developer, leveraging my expertise in HTML, CSS, Java, and MySQL to craft innovative web solutions. My commitment lies in ongoing skill enhancement, productive collaboration, and making valuable contributions to project success, all while staying up-to-date with the latest industry advancements

TECHNICAL SKILLS

- Html
- Css
- JavaScript
- Java
- MySql
- Bootstrap
- React Js
- Spring Boot

PROJECTS

- **Event Management Portal :**
  - Designed and developed an Event Management Portal using Angular and Spring Boot.
  - Collaborated with a team of developers to create a user-friendly and responsive web application.
  - Implemented features for event registration, ticketing, and payment processing.
  - Utilized Angular for front-end development, creating a dynamic and interactive user interface.
  - Integrated Spring Boot for back-end functionalities, handling user authentication and event data management
  - Implemented RESTful APIs to facilitate communication between the front-end and back-end.

- **Fast Charging of the Battery Using Solar:**
  - Designed and developed a solar-powered battery charging system.
  - Developed a prototype using Arduino microcontrollers and solar panels to efficiently charge batteries.
  - Integrated sensors to monitor battery status and optimize the charging process.

EDUCATION

1. **Bachelor of Engineering in Electronics and Communication**
   - KPR Institute of Engineering and Technology, Coimbatore
   - August 2019 to April 2023
   - CGPA: **7.6**
2. **Intermediate (Junior College)**
   - Sri Chaitanya Junior College, Tirupathi
   - June 2017 to March 2019
   - CGPA: **8.15**
3. **Secondary School Certificate (SSC)**
   - ZPHS School
   - June 2016 to March 2017
   - CGPA: **7.3**

INTERNSHIPS

- **Company: (Virtusa Pvt Ltd)**
- **Duration: May 2023 - July 2023**

1. Collaborated with a team of 9 members in the development of an event management portal using Angular for the front-end and Spring Boot for the back-end.
2. I Took on the role of **organizer**, responsible for creating and managing events within the portal.
3. Successfully designed and implemented the **event creation, deletion,** and editing functionalities using **Angular's** front-end framework.
4. Utilized Spring Boot to develop the back-end logic, ensuring seamless data flow and functionality synchronization between the front-end and back-end.
5. Actively participated in daily stand-up meetings and discussions, contributing valuable insights to improve the portal's user experience and overall performance.
6. Resolved technical issues and bugs in a timely manner, maintaining a smooth and efficient development process throughout the project.

INTERESTS

- Playing video games
- Watching Movies
- Volunteering
- Reading

LANGUAGE SKILLS

- English: Proficient
- Telugu: Native
- Tamil: Conversational

AREA OF INTEREST

- **Full Stack Development**: Enthusiastic about gaining more experience and honing skills in end-to-end web application development, with a focus on both front-end and back-end technologies.
-
- **Web Designing:** Eager to explore and develop skills in creating visually appealing and user-friendly website layouts using modern design tools and principles.

CERTIFICATIONS

- **Java Basics**
  Issuing Organization: HackerRank
  Date: July 2022
- **Completion of Java Course**
  Issuing Organization: Coding Ninjas
  Date: June 2022
- **SQL Intermediate Level**
  Issuing Organization: HackerRank
  Date: September 2022

DECLARATION
